Founder at Intellibot Creation | Generative AI Engineer | Creating Custom AI Chatbots to Elevate Customer Experience
Karachi Division, Sindh, Pakistan

Summary

Embark on a journey of innovation with an AI enthusiast...

Hello! I am a dedicated AI Developer Student actively seeking a full-time opportunity in AI Development. My passion lies in exploring the vast realms of Artificial Intelligence, particularly in the fascinating domain of Generative AI. With a strong foundation in Python programming, I am equipped to delve deep into the complexities of AI algorithms and harness their power to drive innovation.

During my academic journey, I have honed my skills in Python programming and Typescript, mastering various AI frameworks and libraries to develop intelligent systems. My projects have focused on leveraging the potential of Generative AI to create unique and compelling solutions that push the boundaries of creativity.

I am driven by a relentless curiosity to explore the frontiers of AI and am eager to contribute to groundbreaking projects in this field. With a keen interest in Chatbot development, I am excited about the possibilities of creating conversational interfaces that enhance user experiences and streamline processes.

As I embark on the next phase of my career, I am seeking opportunities to collaborate with visionary teams where I can apply my expertise in AI development and contribute to impactful projects. Let's connect and explore how we can innovate together in the exciting world of Artificial Intelligence!

Together, let's shape the future of AI through ingenuity and collaboration.

Experience

Governor Sindh Initiative for GenAI, Web3, and Metaverse
9 months

Student Intern
March 2024 - Present (8 months)

Student
February 2024 - August 2024 (7 months)
Karāchi, Sindh, Pakistan

S.M.I.T (Saylani Mass I.T Training)
Student Intern
August 2024 - August 2024 (1 month)

Anwar tariq & Company
Student Internship
April 2018 - February 2019 (11 months)
Karachi Division, Sindh, Pakistan

Education

CMS Govt Higher Secondary School
Master of Computer Applications - MCA, Computer Science · (February
2016 - August 2020)
